さらなる20年 グローバル戦略で アジアの時代を担う

健祥会グループ理事長 中村博彦

FURTHER 20 YEARS

"WE SHOULDER THE AGE OF ASIA WITH OUR GLOBAL STRATEGY"

Hirohiko NAKAMURA, CEO Kensyokai Group

介護・医療・保育は
新たな雇用創出産業
制度改革と供給体改革急務

The nursing care, the medical care, and the childcare are the new job creating industries
The reforms of the systems and the supply entities of welfare services are urgent matters

The domestic demand falls, and the social vitality has declined greatly in Japan whose aging and depopulation are remarkable. The deindustrialization is accelerated in the globalization, and we need to assume the nursing care, the medical care, and the childcare will be the new job creating industries instead of the manufacturing industry, and to attempt the shift of labor force. However, in the sites of the nursing care and the childcare, "Systems" prevent us from our making attractive workplaces, and they are not able to become the receptacle of employment. Employment cannot be created in the current system with overemphasis of the home-based service, and the quality cannot be

collateralized and cannot meet the needs. While changing the "systems" by the voices from the workplaces, we, the social welfare corporations, bearing the nursing care or the childcare, also have to demonstrate governance, and have to accomplish the reform to the entities which supply the scientific and high-quality services as workplaces with job satisfaction from the old-style entities with involuntary measures. As the top leader of Japan which is an advanced nation of the nursing care, Kensyokai Group takes the lead of the reform, and has begun to step forward greatly to the new era now.

「アジアは一つ」＝「ASEAN+JAPAN」
グローバル人材を育て
アジアの健康を担う

"One Asia" = "ASEAN+JAPAN"
**We cultivate the Global Manpower,
and shoulder the responsibility for the health of Asian people**

The middle income people increase in Asia that became a growth center in the world along with the economic growth, and the quality of the life and the demand for health have risen. Aging advances rapidly at the same time, supporting Asian health is up to the finely-turned know-how on both sides of the hardware and the software of Japan which is an advanced nation with the nursing care /the medical care /the rehabilitation. Under the thought of "One Asia", Kensyokai Group is promoting the coalition with Asian nations, the nursing care manpower by EPA with Indonesia/Philippines (Vietnam also soon) create the cooperative workplaces under the principle of "equal pay for equal work" and challenge the advanced nursing care at the venues. In addition, we exchange the memorandum (MOU)

which promotes the technological and personnel exchange with the Kluay Nam Thai Hospital which is an advanced medical care and nursing care institution, and Tokushima Kensyokai College develops "the education open to Asia" based on the academic agreement with Indonesia University of Education. While offering the advanced technology and the know-how based on the expert and scientific nature, taking advantage of the educational environment of the direct connection to the workplace and tackling the education of making English Language Proficiency, we aim at "One Asia" by means of cultivating the global manpower for the medical care, the nursing care and the childcare out to Asia, inviting them from Asia and making the various people emulate one another.

By the construction of the scientific nursing care, we offer "Five zeros" and "Four independence supports" As the top leader of Japan which is an advanced nation of the nursing care

Kensyokai Group aims at the establishment of the high-quality nursing care of "Japan Brand", and encourages the construction and the standardization of the scientific nursing care. Under the cooperation with the medical department and the department of dentistry of University of Tokushima, the National University Corporation, we address the research enterprise of three themes, "The nursing care of dementia", "The rehabilitation in the special nursing home", and "The feeding dysphagia and the

meal assistance", and challenge, "Five zero" (Zero diaper/ Zero bone fracture/ Zero gastric fistula/ Zero restraint/ Zero bedsores), and "Four independence supports" (Dementia care/ Rehabilitation/ Oral cavity care/ Terminal care) as well. We proceed to Osaka, to Kyoto, Tokyo, and Asia nations with "Japan Brand" whose origin is Tokushima while supporting the clients' independence and health, we accomplish the social contribution toward the community.

科学的介護の構築で

Kensyokai Group
"Five Zeros" and "Four Independence Supports"
Independence is supported by scientific nursing care
Evidence Based Care (In terms of Quality Improvement)

- Zero Diaper**
-Challenge to zero diaper in daytime-
- Zero Bone Fracture**
-Risk Management to Zero Bone Fracture-
- Zero Gastric fistula**
- the nursing care based on the correct understanding of the oral cavity function -
- Zero restraint**
- Establishment of the scientific dementia care -
- Zero bed sore**
-Rehabilitation for independence -

- Dementia care
- Rehabilitation
- Oral cavity care
- Terminal Care

「礼儀」と「感謝」で
人を育てる
「強い日本人をつくる」

We cultivate the manpower by "Propriety" and "Gratitude" "We remake the strong Japanese"

To practice the scientific nursing care and to build up the collaborative workplace with Asian colleague are up to the manpower at all. Kensyokai group regards Kinjiro Ninomiya as the good example, we practice "Propriety" and "Gratitude" at the venue of the nursing care, the human education, and the

childcare, As the nursery school strategy, we teach "Propriety" and "Gratitude" setting up "We make strong Japanese", develop English language skill and the science and mathematics ability, and take the advanced role of the preschool-education under the cooperation of the Corporation and the College.

Regarding the social contribution as the mission in consequence of the tax free corporation,

Kensyokai Group, the social welfare corporation, regards the childcare business as the social contribution business, and invest its big self-funds to establish and manage the nursery schools under the strong thought of "We are supposed to accomplish the social contribution." We offer the important preschool education with high quality which settles a child's future recognizing it comes to the severe business operation in the various regulations and the involuntary welfare expenses. Moreover, "Kensyokai Club 21" is organized to support the local

welfare, and to bear the energetic community-building, we offer "Five services"(Presenting of Health & Smile/Creation of Gratitude/Remaking of the Japanese/Asian health). We develop the sports events such as gate-ball and volleyball, etc., the cultural activities such as lectures, and concerts, etc., and the various society contribution business energetically as well as the summer festivals and the Kensyokai festivals, conveying health & smile to the community.

科学的介護のトップ集団として 大阪、京都、東京へ

As the top group with the scientific nursing care,
To Osaka, Kyoto, and Tokyo

The Kensyokai Group that shoulders the responsibility as the leading group of the scientific nursing care to Osaka, Kyoto and Tokyo toward further 20 years.

The group provides the independence-support and individual care service which respected self-determination and self-selection, and pursues the way scientifically to the improvement of the level-of-care-needed and the home return. Moreover, they play the role as the local welfare resources and promote the elderly health enhancement and the preventive measures in the community.

And they carry out the social contribution so that the all area inhabitants can enjoy the welfare service in peace and can lead the rich and peaceful independence lives.

日本人再生は、三・四・五歳児教育から どこにも負けない就学前教育で 「強い日本人をつくる」

Regeneration of Japanese citizen is up to the child education with 3・4・5-years old
"Making a strong Japanese" in the preschool-education with the ultimate level

In the Kensyokai Group, that desires the nursery school should be the educational facility which practices the infant study that is not defeated by the kindergarten, and established Ikuei Nursery School in Tokushima in 1979 and did Seiran Nursery School in 1981 under the thought of the challenge to the generally accepted idea which a nursery school is subordinated lower than a kindergarten based on such an idea it is the facility for "the infants who lack in nursing,

And in addition to this, opened Komatsushima Kensyokai Nursery School in 2008 and Tokushima Kensyokai Nursery as one of the 30th anniversary projects of the Group foundation.

The Four Nursery Schools teach "Propriety" and "Gratitude" and foster English language skill and the science and mathematics ability while their competing against one another, and play an advanced role of the preschool-education urging the guardians to demonstrate the good examples.

Komatsushima Kensyokai Nursery School,
Tokushima Kensyokai Nursery School,
Ikuei Nursery School, Seiran Nursery School

Kinjiro Ninomiya is assumed to be an example, "The mind of study, the diligence, and the filial heart to parents" is learnt, and "Propriety" and "Gratitude" are built.

アジアの 医療・介護・教育を 担う人材を育てる

Tokushima Kensyokai College of Health & Welfare,
that brings up the personnel resource who bears
the responsibility of the medical treatment,
nursing, and the education of Asia.

Tokushima Kensyokai College of Health & Welfare establishes the Course of Care & Welfare in 1996 as a training school of the care-giving manpower.

The Course of Physical Therapy in 2000, the Course of Occupational Therapy, and the Course of Childcare & Welfare were added in 2010 in view of the request of the time.

The College works on the personnel training by taking advantage of the educational environment with the direct connection to the job sites for the nursing-care and the rehabilitation, for the childcare that practices the infancy education of the top-level of Japan and for the medical treatment added in 2012.

The graduates of the Tokushima Kensyokai College with Japan-Philippines EPA program left to the job site after having acquired the national qualification in the spring of 2012.

The human exchange in the academic partnership agreement with Indonesia University of Education has been promoted, and also "Education open to Asia" has been developed gazing at the future of Asia based upon such a partnership.

The College supports the Ethics as "Vocation" that keeps the human life, "Propriety and Gratitude" as the foundation of a human being and the indispensable communications skills and wide knowledge and discernment in such a multi cultural and the multiracial symbiosis age working on not only the specialty but also the English language skill-making that is the common language of the world richly, and brings up the human resource in Asia.

The field came to be enhanced more widely in June, 2012 to answer the user's medical needs as well, collaborate with the medical corporation Seirankai (Chairman Shiro SAITO) as a live learning site of Tokushima Kensyokai College of Health & Welfare.

← Sharing the result of the collaborative research with the University of Tokushima
As the front of the learning of scientific nursing care and rehabilitation

The coalition of Tokushima Kensyokai College of Health & Welfare, the venues of the childcare and the nursing care and the Headquarters of Kensyokai Group cultivates the strong Japanese citizens.

The tree of Aphananthe aspera is the symbol of the starting life for Hirohiko Nakamura

The big tree of Aphananthe aspera soared besides the back gate of the parents' home.

It was the main symbol of the house of Nakamura that prospered in the indigo and cocoon business.

In the days of the naughty childhood, I played and was tired out and hungry in the evening every day. Then I made my way home guided by the tree of Aphananthe aspera.

The big tree which describes my home even from a distance was my young pride.

The tree of Aphananthe aspera which I always looked up at was cut down mercilessly and only the stock was left.

My pride was broken, and the foothold of the mind had been lost.

I promised myself to regain the prosperity of the Nakamura family and to make myself a man whom nothing cannot beat down in the child mind while savoring loneliness vexation.

Setting this story of the tree of Aphananthe aspera as the starting point of my life, I have whipped myself, tried to improve by learning from others, continued challenging and lived in my way.

Nakamura, Hirohiko
C. E. O, Kensyokai Group

HISTORY of KENSYOKAI GROUP

- 1978 Jun. Social Welfare Juridical Person(SWJP) IkueiFukushiKai Established.
- 1979 Apr. Established Ikuei Nursery School.
Dec. SWJP KensyoKai Established.
- 1980 Apr. Established Special Elderly Nursing Home(SENH) Suimeiso.
Aug. Suimeiso medical office was appointed as a medical insurance institution.
SWJP SeiranKai Established.
Oct. Set the Gateball to "our corporation's sport"
- 1981 Apr. Established Seiran Nursery School.
Dec Started Kensyokai DayService.
- 1982 Oct. Took place 1st KensyoKai 3 generation sports festival.
Established Kensyokai Volunteer Group 21
- 1984 Aug. SWJP RyokufuKai Established.
- 1985 Aug. Established Ryokufuso(SENH).
- 1989 Apr. Established "KensyokaiClub21" .
Jul. Established domed gateball court "KensyoKai Dome" .
- 1991 Aug. Participated in Awa Dance Festival as "KensyoKai Group Ren" .
- 1992 May Started an interchange of personnel with Quin Dao Public Health Bureau(China).
Nov. Started "KensyoKai Hot Springs(spa)"
- 1993 Apr. Established Suimeiso Day Service Center(TypeA).
Established Kensyokai intro-center.
Established Kensyokai in-home care support center Kawashima.
- 1995 Mar. Kensyokai Song "Butokai(Ball)" announcement
(words : Yu AKU composition : Takashi MIKI song : Hiromi IWASAKI)
- 1996 Apr. Tokushima Kensyokai College Opend.
May. Renewed Suimeiso as a Luxurious Special Elderly Nursing Home.
- 1997 Jan. Sister affiliation with Mannheim city, Diakonisches, and AWO.
May. Hot spring Kensyokai Barden opened.
- 1998 Apr. "Kensyokai Dock." started.
- 1999 Apr. Established Kensyokai Presentation.
- 2000 Jan. Started "Day Service for meaningful life"
Apr. Long term care insurance was started
New departments PT/OT were set up in Tokushima Kensyokai College
Song of Tokushima Kensyokai College "kokoro21" announcement
(words/music : Yuhei MIZUNO arrangement : Mitsuo OGITA
Guitar : Tsunaki MIHARA song : Isao BITO))
- 2001 Jan. Established Kensyoen as a origin of care.
- 2003 Aug. Established Kensyokai independent Yoshinogawa.
Oct. "Healing, self-indulgence,returning" Kensyokai Liberty opend.
Nov. Multi purpose hole Kensyokai Partner Opend.
- 2005 Apr. Established Kashidanosato(SENH)in Takatsuki, Osaka.
- 2006 Apr. Established RyokufuKai Isabel(SENH)in Suita, Osaka.
- 2007 Apr. Opend Kensyokai Komatsushima Nursery School(transferred from Komatsushima city).
- 2009 Jan. The first Indonesian care worker candidates started working.
Sep. Commissioned an Academic Agreements with Indonesia Univeresity of Education
